Maylé Vásquez

THE BRAND

Maylé Vásquez offers a fresh approach to Caribbean fashion with her unique perspective on Dominican RTW. The brand's polished aesthetic emphasizes perfect fit, resulting in understated yet elegant and versatile pieces.

Starting as a custom-made designer, Maylé's journey evolved into her eponymous RTW label, driven by a commitment to elevate Dominican fashion globally. Embracing ethical manufacturing, her collections follow the sustainable concept of "buy less, buy smart," resulting in collectible pieces meant to build a smart wardrobe.

Inspired by its Caribbean roots, the brand crafts pieces with a new vision of Latin fashion, embracing simplicity. Each item showcases the designer's keen eye for detail, featuring signature trims, pleats, and delicate textures like braids, ruffles, and bows. Clean lines and innovative shapes result in sculptural gowns, ethereal sundresses, and iconic jumpsuits. The consistent supreme quality and tailored fit exude the versatile, luxurious allure that defines Maylé Vásquez's trademark.

Copey

A B O U T T H E C O L L E C T I O N

The Copey tree has inhabited the Caribbean even prior to its human dwellers —the humidity-resistant wood of its trunk would come to provide fuel and furniture for hundreds of years. But in today's Santo Domingo, where designer Maylé Vásquez hails from, the native species now provides visual respite from the concrete and glass and chaos of a four-million strong city: used in urban landscaping, its large, sinuous leaves resemble paddles, while its fruit is a mathematical marvel, with valves that open to reveal an anise-like composition. Those two elements, with their ability to communicate delight in our everyday lives, are the figurative source of inspiration for Vásquez's Copey collection. That botanical background explains the leaf-like silhouettes, the color palettes and the foliage fabric textures found in this season's proposals —which include some suitcase-friendly options that won't wrinkle on their way from the closet to the beach.

Copey, thus, is the brand's logistical response to summer living: a wide range of silhouettes. Sets meant for easy packing. Light linen dresses mixed, for the first time in MV's history, with raw silk. A playful mix of nature-inspired gradients on custom-made fabric. A series of striking knots —one of the brand's signature elements— that have been pre-tied for ease of wear. A series of eye-catching drop-waist options, from tops to dresses. The sinuous cuts that emulate a Copey leaf to form angular sleeves and bulbous skirt hems. The delicate presence of the Dominican Republic's national stone, the teal-tinted Larimar, and the country's proudly preserved amber. Copey is, in other words, a way for international shoppers to wear some of the flair of the Dominican summer no matter their location.

Tortuga Bay

Founded by the Rainieri family in 2005, Tortuga Bay at Punta Cana is a hotel of 13 private beachfront villas, the only one designed by the famed Oscar de la Renta, who was proud to reside for the last 20 years of his outstanding life in Punta Cana.

Tortuga Bay Punta Cana underwent a renovation process designed and overseen by prominent American designer Markham Roberts in 2017, with the primary goal of evolving the brand of hospitality experience originally envisioned by Oscar de la Renta.

With the level of exclusive service area, guests of Tortuga Bay Punta Cana are greeted by staff on arrival at Punta Cana International Airport and quickly escorted through immigration and customs, then transferred to the hotel a few minutes away. Also, they have full access to the first-class services available at Punta Cana Resort & Club, including three kilometers of white sand beach, 45-hole championship golf course, eight restaurants, the Six Senses Spa and the Indigenous Eyes Ecological Reserve Park of 1,500 hectares.
